

Project ECHO® Oklahoma State University TeleEDge ECHO TeleECHO™ Problem of Practice Presentation Form

Complete ALL ITEMS on this form and email to Jessica.L.Tucker@okstate.edu

Presentation Information

Leave blank if
not assigned

ECHO ID:

Presenter (s):

Presenter's phone number:

Email:

Proposed date for presentation:

Type: Initial presentation Follow-up presentation

Case: Classroom/Program School/System

When we receive your case, we will email you a confidential identification number (ECHO ID) and confirm date and time for the problem of practice presentation. The provided ECHO ID must be utilized when identifying your presentation during the ECHO Session. Problem of practice presentation times may fluctuate depending on the availability of the experts for the team. Times will be confirmed when the ECHO ID is assigned.

How can we help?

Create a driving question for your particular problem of practice and challenge around the Oklahoma School Report Card using the following format: How (can, should, could), I/We as (role) in (place, organization, community), Do (build, create, make, design, plan, solve, propose, decide)

Example: How could we, as educational leaders, use data from the Oklahoma School Report card indicators to leverage what is working and design solutions for what can be improved so that all of our almost 700,000 students have equitable opportunities to grow and succeed when they leave our K-12 systems?

Indicator posing a challenge -

<input type="checkbox"/>	<i>Academic Achievement</i>	<input type="checkbox"/>	<i>Postsecondary Opportunities</i>
<input type="checkbox"/>	<i>Academic Growth</i>	<input type="checkbox"/>	<i>Graduation</i>
<input type="checkbox"/>	<i>English Language Proficiency Assessment (ELPA)</i>	<input type="checkbox"/>	<i>Overall Grade</i>
<input type="checkbox"/>	<i>Chronic Absenteeism</i>	<input type="checkbox"/>	

Explain your primary challenge around the Oklahoma School Report Card and goals for this presentation (please include both qualitative and/or quantitative data to better frame your challenge).

Describe what you have already done.

Identify what is working and explain how you know it is working.

Identify what can be improved and explain what you have planned.

Comments or additional background narrative. What else should the team know in order to provide feedback and recommendations?

PLEASE NOTE: The ECHO for Education case consultations do not create or otherwise establish a relationship between any of the ECHO for Education experts or ECHO for Education staff and any participant whose case is being presented in a ECHO for Education setting.
