SHARKS IN THE WATER

OBJECT OF THE GAME:
Don't fall into the shark-infested waters!

WHAT YOU'LL NEED:
- Pillows, blankets, boxes, furniture you can climb on, etc.
- At least 2 players

INSTRUCTIONS:

Setup: Create a trail of "islands" and "boats" with household items like pillows, blankets, the couch, etc. Assign one player to be the "shark."

Playing the Game: The shark will swim around the islands and boats, trying to catch players as they hop between obstacles to complete the trail. If a player is caught, they must restart at the beginning. The first player to make it to the end of the trail, wins!
