OBJECT OF THE GAME:

Bust all of the water balloons!

WHAT YOU'LL NEED:

- Water Balloons
- String or small rope
- Baseball bat or stick

INSTRUCTIONS:

Setup: Fill the water balloons. Then, hang a string between two trees like you would a clothesline. Finally, tie a string around the end of each water balloon and hang them from the line.

Playing the Game: One at a time, players will take turns closing their eyes, spinning around a few times, then trying to hit one of the water balloons with the bat. If it breaks, they get a point! The player with the most points at the end of the game, wins!
