

Guaranteed Interview Program
MEMORANDUM OF UNDERSTANDING
OSU Center for Health Sciences –
College of Osteopathic Medicine

This Memorandum of Understanding ("Agreement") confirms the Guaranteed Interview ("GI") Program between Oklahoma State University – Center for Health Sciences (OSU-CHS), College of Osteopathic Medicine, and Rogers State University (RSU) for the 2025-2026 academic year.

The Guaranteed Interview Program guarantees that RSU students who meet specified criteria in this Agreement will be invited for an interview with the Admissions Committee for admission to the OSU-CHS College of Osteopathic Medicine.

OSU-CHS will interview and assess the GI Program applicants on their characteristics, academic preparedness, and other factors based on the same standards as traditional applicants.

To be eligible for the GI Program, applicants must meet the following requirements:

- Be a permanent resident of the United States;
- Achieve a minimum of a 3.5 cumulative Grade Point Average (GPA);
- Score a minimum of 502 on the Medical College Admission Test (MCAT) at the time of application;
- Complete a baccalaureate degree before matriculation to OSU-CHS College of Osteopathic Medicine;
- Submit a complete application for admission through the American Association of Colleges of Osteopathic Medicine Application Services (AACOMAS) by February 28;
- Submit a complete supplemental/secondary application for admission by March 30;
- Meet the academic requirements specified in Attachment 1;
- Complete at least 500 hours in a health-related setting at the time of application; and
- Be a first-time applicant to the Guaranteed Interview Program.

Students must check the appropriate box on their secondary/supplemental application to indicate they are applying to the GI Program. This Agreement guarantees an interview for admission to OSU-CHS College of Osteopathic Medicine to students from RSU who meet the

listed requirements. This Agreement does not guarantee qualifying students from RSU admission to the OSU-CHS College of Osteopathic Medicine.

Following an in-person interview, a member of the Admissions Committee and the Assistant Director of Admissions will notify applicants of the Admissions Committee's decision by May 1. The applicant will either be granted admission or will be invited to apply as a traditional applicant for admission in a later application cycle. Applicants may apply during their final year or within six months following graduation. Applicants may only qualify for the GI Program for one application cycle.

OSU-CHS and RSU reserve the right to review the Agreement periodically and recommend changes as deemed necessary. If OSU-CHS makes recommendations, RSU will have thirty (30) days to accept or reject the proposed changes. The Agreement will be reviewed annually for any updates on the approved major and academic requirements for approval. Agreed-upon modifications will become effective for the incoming undergraduate class.

For the current application cycle, RSU may adjust academic plans on a case-by-case basis with the mutual agreement of both parties, including the Associate Dean for Enrollment Management at OSU-CHS and the Department Head and Professor for the Department of Biology at RSU.

Either program may terminate the Agreement with thirty (30) days' notice.

OSU-CHS and RSU understand and agree that RSU or OSU-CHS shall have the right to terminate the Agreement, whole part but not in part, without penalty or expense at the end of any fiscal year if RSU or OSU-CHS or the Legislature of the State of Oklahoma or other appropriate governmental entity fails to allocate sufficient funds to RSU or OSU-CHS, respectively, for payments required or activities contemplated under this Agreement. OSU-CHS and RSU understand and agree that nothing contained herein shall be construed as a waiver of either party's sovereign immunity.

Attachment 1

Additional Guaranteed Interview Program Requirements for Rogers State University Students

- ENGL 1113 Composition I
- ENGL 1213 Composition II
- BIOL 1144 General Cellular Biology
- BIOL 3024 Genetics
- BIOL 3204 Physiology
- CHEM 1315 General Chemistry I
- CHEM 1415 General Chemistry II
- CHEM 3125 Organic Chemistry I
- CHEM 3225 Organic Chemistry II

By graduation, the student must meet all academic requirements for the undergraduate degree outlined in the RSU Academic Catalog
