3+1 Program
MEMORANDUM OF UNDERSTANDING
OSU Center for Health Sciences -
College of Osteopathic Medicine

To be eligible for the 3+1 Program, applicants must meet the following requirements:

- Be a full-time student enrolled at Northwestern Oklahoma State University;
- Must be a Biology Major with a Chemistry Minor;
- Achieve at least a cumulative grade point average (GPA) of 3.5 and science GPA of 3.5 at the time of application to OSU-CHS;
- Completed 45 or more credit hours toward a bachelor’s degree at the time of application to OSU-CHS;
- Meet the academic requirements specified in Exhibit A. Courses earned as concurrent enrollment or received AP credit will be accepted;
- Science GPA will be calculated according to the course subject categories defined by American Association of Colleges of Osteopathic Medicine Application Service (AACOMAS);
- Transfer credits will be accepted from a community college or other four-year institution to NWOSU. At the time of enrollment, the following requirements should be considered to ensure the degree requirements are met:
  - Sixty hours must be completed at a four-year institution with 30 hours at NWOSU. Applicants must complete 15 of the last 30 hours or half of the major requirements at NWOSU.
  - To fulfill the Biology requirement at NWOSU, half of the classes must be upper division. However, not all classes must be completed there. To graduate from NWOSU, students must have 120 credit hours and meet the Chemistry minor requirement.
- Completed at least 50 hours in a health-related setting at the time of application;
- Submit a complete application for admission through AACOMAS by February 28 of sophomore year;
- Submit a complete secondary/supplemental application for admission by March 30 of sophomore year;
Schedule an interview with the Pre-Health Advisory Committee (PAC) in the fall of sophomore year;
Submit one letter from the Pre-Health Advisory Committee (PAC);
Participate in a personal interview with the Admissions Committee of OSU-CHS during the spring semester of your sophomore year; and
Must have valid CASPer Situational Judgement test score on file by April 2022.

Students must meet with their Academic Advisor annually to review the course sequence for the approved 3+1 major to ensure all the academic requirements for their undergraduate degree as well as the 3+1 Program are met before matriculating to OSU-COM.

Students who meet these requirements will be eligible for the 3+1 Program. Students must check the appropriate box on their secondary/supplemental application to indicate they have met the 3+1 Program requirements. Following an in-person interview, the Chair of the Admissions Committee will notify applicants of the Admissions Committee’s decision by May 15, 2022. The applicant will either be granted provisional early acceptance into the 3+1 Program or be invited to apply as a traditional applicant for admission in a later application cycle.

Students who are provisionally accepted into the 3+1 Program must fulfill the following requirements to maintain their acceptance:

- A cumulative grade point average (GPA) of at least 3.5 and science GPA of 3.5. GPA will be calculated at the time of application and upon completion of their undergraduate degree coursework before the student matriculates to OSU-CHS;
- Submit a qualifying score of at least a 492 on the Medical College Admission Test (MCAT) by April of their junior year;
- Request in May of their junior year transcripts to indicate if the student is meeting academic requirements;
- Complete all remaining undergraduate coursework required for the approved 3+1 degree plan during their junior year and submit a letter of good standing from NWOSU indicating that the student has met all academic requirements outlined in Exhibit A;
- OSU-COM may revoke admissions to the 3+1 Program to any student with student violations or conduct issues.

The Pre-Health Advisory Committee will:
- Coordinate with the Northwestern Oklahoma State Academic Advisor to verify the student’s progress towards the 3+1-degree plan requirements.
- Determine if the student is on track in December of their sophomore year and May of their junior year to meet the academic requirements.
- Consult with the Director of Student Conduct in May of junior year to be aware of any outstanding student violations or conduct issues. Provide documentation of student’s
academic records and conduct to OSU-CHS by the end of the spring semester of junior year.

After completing the first year of medical school at OSU-CHS and before enrolling in courses for the second year of medical school, 3+1 Program students must:

- Apply for graduation to NWOSU by April 1 to be included in the spring commencement ceremony as a summer graduate. Students will not officially graduate in May until the degree is conferred in the summer but they can participate in commencement.

**Exhibit A: Academic Requirements**

To qualify for the 3+1 Program, Oklahoma State University – Center for Health Sciences (OSU-CHS) and Northwestern Oklahoma State University agree that applicants must complete the same graduation requirements for a regular BS in Biology degree at NWOSU. The suggested program of study below meets these academic requirements:

17 Hours  | 16 Hours  

Fifteen credit hours of Biology will be needed in the first year at OSU College of Osteopathic Medicine to complete the Bachelor of Science degree at Northwestern Oklahoma State University.

The following courses will be taken at OSU-COM:

**Fall Semester Hours**

CLME 8312 Osteopathic Manual Medicine I (2)  
PCME 8115 Clinical Anatomy (4)  
PCME 8743 Foundations in Medical Genetics, Molecular Biology and Developmental Anatomy (2)  
PCME 8752 Foundations in Medical Cell and Tissue Biology (1)  
PCME 8762 Foundations in Medical Biochemistry (2)  
PCME 8771 Foundations in Medical Pharmacology (1)  
PCME 8914 Medical Science Foundations (4)  

**Spring Semester Hours**

CLME 8322 Osteopathic Manual Medicine II (2)  
CLME 8821 Focus Course in Geriatrics (1)  
CLME 8914 Clinical Care Foundations I (4)  
CLME 8941 Service Learning & Community Engagement I (1)  
PCME 8703 Foundations in Medical Microbiology (3)  
PCME 8781 Foundations in Medical Immunology (1)  
PCME 8814 Cardiovascular System (4)  
PCME 8833 Hematology System (3)  
PCME 8853 Genitourinary System (3)  
PCME 8873 Respiratory System (3)
